

(Co)Funding Programme	Name	Surname	Host Institution	Project Title	Start Date	End Date
Incoming (Fb)	Andrew	Pilant	TCD	Environmental Remote Sensing and Satellite Image Analysis Using Deep Learning	01/09/2022	30/06/2023
Incoming (Fb)	David	Moecher	TCD/UCD	Collaborative Research: Beyond Zircon - Developing Novel Methods for Assessing Sedimentary Recycling Using Detrital Minerals	15/01/2022	15/06/2022
Incoming (Fb)	Jennifer	Jones	GSI & NUIG	The Challenges of Preservation and Protection: the Archaeological Resources of Coastal Ireland	01/08/2021	30/06/2022
Incoming (Fb)	Tracey	Frank	NUIG (from University of Nebraska-Lincoln)	Paleoclimate archives in Irish limestones	01/01/2020	
Incoming (Fb)	Kamini	Singa	UCC & NUIG (from Colorado School of Mines)	Peering Into the Black Box of Surface Water-Groundwater Systems: Distinguishing Controls on Arsenic Transport with Electrical Geophysics	01/01/2020	
Outgoing (Fb)	Brenda	McNally	TCD/Arizona State Univ	(Re)Imagining Climate Governance and Low Carbon Futures: how a social imaginaries lens can advance Irish climate policy and communications	01/01/2019	30/06/2019
Incoming (Fb)	Nancy	Riggs	TCD	Leveraging Technology and New Geophysical Data to Address Long-Standing Geologic Controversies and Providing New Opportunities in Volcanology	2018	2019
Incoming (Fb)	Berry	Lyons	NUIG	Chemical Weathering and Water Quality in First-order Streams in Western Ireland	2018	2019
Outgoing (Fb)	Aggeliki	Georgiopoulou	UCD	Submarine Landslide scar investigations using diving equipment and structure for motion techniques (SLIDESEE)	2018	2019
Outgoing (Fb)	Gavin	Kenny	TCD/Idaho	Understanding the role of impact cratering in Earth's evolution through high-precision geochronology	01/12/2018	31/05/2020
